National Association for the Education of Young Children

GMS Pure Love Daycare Centers 1, 2, and 3 are committed to delivering exceptional care and promoting equitable education for children of all backgrounds. With a focus on continuous improvement and professional excellence, the administration, educators, and staff actively seek opportunities for growth by participating in diverse training programs, both locally and internationally. This dedication to professional development was exemplified by School Principal and Director, Milagros Songcuan, and Assistant Principal, Bona Angeles, who represented GMS at the 2024 National Association for the Education of Young Children (NAEYC) Annual Conference.

The prestigious event, held from November 6 to 9, 2024, in Anaheim, California, USA, brought together early childhood education leaders from around the world to share insights and innovations.

A key highlight of the conference was the featured session on fostering and guiding positive development for children across various age groups, including infants, toddlers, preschoolers, and school-age students. By engaging in this globally recognized forum, the GMS leadership reaffirmed their commitment to integrating evidence-based practices and enhancing the quality of early childhood education within their centers.

★ THE MIND IN THE MAKING! ★

Mind in the Making, Seven Essential Life Skills Training Modules, a project of the Families and Work Institute, are a set of eight modules that share the Science of Early Learning to promote children's executive functions skills.

A total of 17 Early Childhood Providers from Green Meadow Pure Love Daycare 1, 2, and 3 completed the training modules from December 14, 2024, to January 4, 2025.

The training provided participants the opportunity to reflect on their own experiences and practices, learn about what researchers have discovered about how children learn best, and discuss how to apply this research in their role as early childhood educators.

This series of training were facilitated by GMS Pure Love Daycare's very own Mind in the Making Certified Trainers, Ms. Bona Angeles and Ms. Elvie Pangilinan. The training was held at the GMS Pure Love Daycare 3 campus, located in Chalan Kanoa.

As this group of providers successfully completed the training modules, they may now implement what they have learned, in their classrooms. The management and leadership team of GMS, Pure Love Daycare extends its Congratulations to the participants, as well as the trainers on another achievement! This training was made possible through funding from the Department of Health and Human Services, Office of Child Care, CNMI Child Care and Development Fund (CCDF) Program, under the Department of Community and Cultural Affairs.

EARLY CHILDHOOD EDUCATION GRADUATION

Assistant Principal Bona Angeles, Teacher Zenaida Marcelo, Ms. Kimberly Pinaula, and Ms. Maria Isabel Estanislao successfully completed the NMC CCDF Specialized Early Childhood Education Certification last December 12, 2024. GMS family was proud of their accomplishment in spite of their work loads and attending night classes at NMC. Having four certified ECE teachers will continue accomplishing our mission..... providing quality care and education for all children in our care.

BRAIN DEVELOPMENT IN EARLY EDUCATION

Teachers and Staff of GMS Pure Love Daycare and Preschool Department of 3 locations took part in the in-house training - "Brain Development in Early Education". New studies about brain development of young learners were shared by the Director, Milagros Songcuan and Asst. Principal Bona Angeles. The said training was held at Pure Love Daycare 1 last November 29, 2024.
